**Scone Cash Players are on a mission...**

**The Scone Cash Players arrive with force and fury. It is a mission to bring the purist, most soulful, dynamic and funky organ music to the people of the world. The band is led by organ master Adam Scone. During a recent breakout performance at the Funky Sole Weekender in Los Angeles alongside Lee Fields & The Expressions, The Breakestra, The Monophonics, Jungle Fire and The Monophonics the band was propelled on to the international scene. Incredible tours to Brazil, New York City, California, Midwest US and shows in the homebase of Miami have left the Scone Cash Players eager for more. Brooklyn Vegan choose to premier "Blast Furnace! LP" and "Scone Cold Christmas 7" Single and Video. Scone Cash Players debut Album was selected as having one of the top ten Funk 45's by Flea Market Funk, as well as Top Ten Single and Long Play LP by Nostalgia King in 2018.**
